GENE THERAPY JEOPARDY!

for **TeamBonding** powered by the training arcade®

AN INTERACTIVE GAME FEATURING THE UNDERLYING
PRINCIPLES OF ONGOING GENE THERAPY RESEARCH

**Midwest
Hemophilia
Association**

EXPAND YOUR GENE THERAPY RESEARCH KNOWLEDGE IN A GAME PRESENTED BY BIOMARIN

invite you to join a fun new experience to make the science behind gene therapy research memorable and entertaining. Whether you're already a whiz or are just starting to explore, you and your friends can learn together and earn points to win bragging rights. Will you become the next Jeopardy! gene-ius?

Date and Time

Virtual Event

Hosted by

IT'S FUN, EDUCATIONAL, AND EASY TO PLAY!

Buzz in answers to clues on the topic of gene therapy research across 4 unique categories, including **"Nuts and Bolts"** and **"Knowledge Is Power."** You'll have a chance to wager your points against friends in Final Jeopardy! to be the next champion. Get a head start learning by visiting HemDifferently.com.

This educational game is the newest addition to the *Gene Therapy Learning Academy*, a series of programs and resources from HemDifferently by BioMarin. We're continually expanding our offerings with engaging events and tools to help you learn about gene therapy research.

No gene therapies for hemophilia have been approved for use. This event was created for educational purposes only.
