Understanding Hemostasis & The Clotting Cascade

This educational program provides an interactive, educational experience sponsored by Sanofi. A Community Relations and Education Manager (CoRe) will review the clotting fundamentals with you and provide an understanding about what happens when you have a bleed. We'll discuss how factor behaves in the body, including the relationship between FVIII and Von Willebrand Factor (vWF) for people with Hemophilia A and FIX in people with Hemophilia B.

Hosted by:

Kyrie Smith
CoRe Manager(IA/IL/MO)

Location:

Piropos 4141 N Mulberry Drive
Kansas City
Missouri
64116

Program information

Date: Thursday, October 27, 2022
